

## KANSAS DUCKS UNLIMITED GREENWING GOOSE BANDING

Kirwin National Wildlife Refuge  
SATURDAY, JUNE 17, 2017  
REGISTRATION STARTS AT 8:30 AM  
BANDING STARTS AT 9:00 AM

This event is targeted at all youth 17 and under, their parents/guardians, and anyone interested in Kansas waterfowl management or Kirwin National Wildlife Refuge. The Kansas Department of Wildlife, Parks and Tourism staff will be trapping and banding resident Canada Geese at Kirwin National Wildlife Refuge. Birds will be leg banded to provide future information to the management of Kansas' waterfowl. You will learn about the Canada goose life cycle and how our banding efforts will drive waterfowl management decisions. Lunch will be provided following the banding.

Please plan to join DU, KDWPT, and USFWS staff on **Saturday morning, June 17, 2017** at the Kirwin National Wildlife Refuge Office (702 E Xavier Rd, Kirwin, KS 67644). This is a rare opportunity, for all, to see and handle Canada geese. You can be on the forefront of Kansas wetland management and learn from the states waterfowl biologists and wetland managers. Bring a camera for those rare photo opportunities and memories. For those handling geese, be sure to wear older clothes. We also recommend shoes/boots and not sandals or flip flops, and remember to bring bug spray and sun screen. Nearby lodging can be found in Phillipsburg (Rodeway Inn, Cottonwood Inn, or Econo Lodge).

You are welcome to attend all or part, but you must register for the event. We need your name and the names and ages of your children and a contact phone number in case of a change of date. Each youth must be accompanied by an adult. An adult may accompany more than one youth. **Registration includes attendance and lunch.**

**\*\*All participants acknowledge "DU, KDWPT, & USFWS , as well as volunteers assisting in the event, are not responsible for injury or accidents associated with the goose banding event.**

Please fill out the registration form below and mail to:

Kansas Ducks Unlimited  
c/o Greenwing Event
